SBI PO Preliminary Examination, Phase 1

The applicants for this online test get one hour to complete the 100-point question paper. Three sections make up the exam. The sectional cut-off in the preliminary exam has been eliminated, and candidates will now only be chosen for the next stage based on their overall score in all areas. The Bank determines the minimum score required to pass each component each year based on how challenging the test is.

A candidate will lose 0.25 points for each incorrectly answered question they attempt. If a candidate skips a question or leaves it blank, there will be no point deduction.

Selection criteria for the Main Examination: Based on the overall score in the Preliminary Exam, a merit list will be compiled for each category. No sectional cut-off will exist. The top candidates on the merit list—roughly 10 times the number of openings in each category—will be chosen to take the Main Examination.

The Objective & Descriptive Sections of the SBI PO Mains Exam are outlined in further detail below:
